Workshop on "Artificial Intelligence

Hon'ble Vice Chancellor Prof. (Dr.) H P Singh, VSM organized a workshop on "Artificial Intelligence" in the IUHP auditorium on 19 Feb 2020. All faculty members and students participated in the workshop. The workshop began with recapitulation of various Industrial resolutions that have taken place world over in last 400 years with special emphasis on Industry 4.0which relates to Artificial Intelligence, Machine learning and Internet of Things (IOT) etc. The workshop was more on conceptual level and applications of the AI and its landscape in the coming decade. The student community benefitted themselves immensely and asked pertinent questions on various aspects of technology and repercussion of the commercialization of Robotics & Intelligent machines. The workshop was coordinated by Prof. Samrat Datta.
