

Report On Industry Experts Feedback Forms (2022)

Industry experts' feedback plays a crucial role in evaluating the effectiveness of the syllabus in meeting industry requirements. Their insights help bridge the gap between academic learning and professional expectations, ensuring that students are well-equipped for real-world challenges. This report analyzes the feedback provided by industry experts on various aspects of the syllabus.

The feedback form utilized a **five-point Likert scale**, where the industry experts rated their experience as follows:

- 1 - Strongly Disagree
- 2 - Disagree
- 3 - Neutral
- 4 - Agree
- 5 - Strongly Agree

The responses reflect industry experts' perceptions of institutional performance, helping in strategic decision-making and future enhancements.
