

## Report On Student Feedback Forms (2022)

Students from the 1<sup>st</sup>, 3<sup>rd</sup> and 5<sup>th</sup> semester of the department were invited to provide feedback. A total of 116 students submitted their responses, offering valuable insights into the institution's academic activities. Based on this feedback, a **statistical report** has been compiled to assess institutional performance across ten key areas. This analysis aids in establishing a **quality profile** for the year, aligning with the institution's **vision and goals**. The findings will contribute to developing a **quality index profile** for continuous improvement.

The feedback form utilized a **five-point Likert scale**, where students rated their experience as follows:

- 1 - Strongly Disagree
- 2 - Disagree
- 3 - Neutral
- 4 - Agree
- 5 - Strongly Agree

The responses reflect students' perceptions of institutional performance, helping in strategic decision-making and future enhancements.

#### 4. Conclusion

The syllabus evaluation reflects a positive response from students, indicating that it effectively meets its stated objectives, enhances knowledge and skills, and contributes to critical and analytical thinking. The inclusion of advanced topics, relevant textbooks, and alignment with higher education goals further strengthens its impact. However, there is scope for improvement in areas such as practical applications, employability-focused content, and research-driven learning. By incorporating more hands-on experiences, industry collaborations, and self-study initiatives, the syllabus can be further refined to ensure holistic academic and professional development for students.
