

### **Seminar “PARYAWARAN 2.0” attended at LMTSM, Derabassi, Punjab – March 13, 2019**

The students of IUHP attended a seminar held at LM Thapar School of Management, Derabassi, Punjab on 13.03.2019. 29 students and two Faculty members viz. Prof. Pankaj Diwan and Prof. Anjali visited the campus to attend the seminar. The seminar “PARYAWARAN 2.0” was organized by Centre for Sustainability, Innovations & Strategy, Thapar Institute of Engineering & Technology. The main objective of the seminar was to promote environmental friendly & sustainable practices by promoting sustainability and environmental friendly farming practices.

The students learnt about the current trends in farming and status of soil quality in Punjab and different methods available to improve it. They were also introduced to different aspects of Organic Farming and necessity of Water Harvesting systems to improve the farming trends. They were also introduced to different United Nations (UN) Sustainability-in-Practice Projects being run by Management Studies department at LMTSM Derabassi campus. At the end, IUHP students interacted with LMTSM students and exchanged ideas, thoughts and experiences.

The students and Faculty had a great experience throughout the visit.
